NATO-Look Version 1.4 21Aug 03/scl

Here for you!

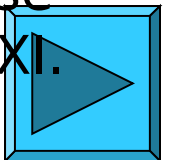

WELCOME TO NATO

This program was developed to help you learn the basics of working with NATO material. Each module consists of informational slides followed by one to five short quiz questions. As you complete each module you will be prompted to continue or quit. If you choose to quit you will be able to return to the next or previous module simply by choosing that button from the overview slide. At the end of the course you will be offered a ten question end of course test on which you must achieve a minimum of 60% to receive a passing certificate.

We have attempted to simplify training by using this program but sometimes miss or overlook important information. Please forward comments, concerns, and questions to USAFE/SFXI.

WHERE TO GO FOR HELP

Introduction to NATO

The term **NATO** stands for:

North **A**tlantic **T**reaty
Organization

Introduction to NATO

NATO is made up of 19 nations who agree to comply with rules developed and approved by members

Introduction to NATO

NATO is made up of 19 nations who agree to comply with rules developed and approved by members

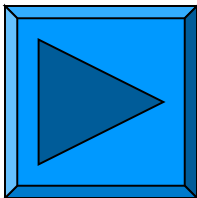

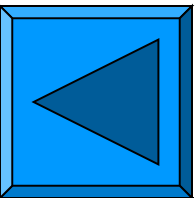

Scheduled to join in 2004

Bulgaria Estonia
Latvia Lithuania
Romania Slovakia
Slovenia

Belgium United States Of America Italy
Canada Portugal
Denmark Hungary
France Spain
Germany Norway
Poland Netherlands
Greece Luxembourg
Iceland Turkey
United Kingdom Czech Republic

Introduction to NATO

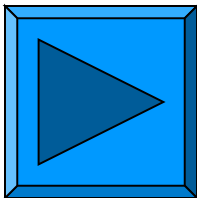

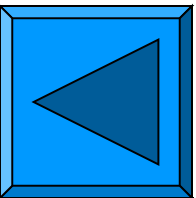

The
Secretary of Defense
Is the
United States
NATIONAL SECURITY AUTHORITY
For
NATO

Introduction to NATO

The **Secretary of Defense** is responsible
for:

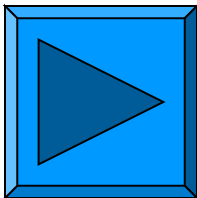

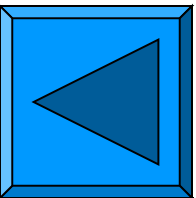

- Ensuring that NATO security requirements are implemented throughout the Executive Branch of the United States Government

Introduction to NATO

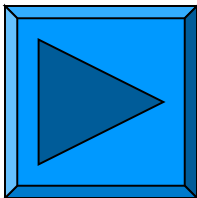

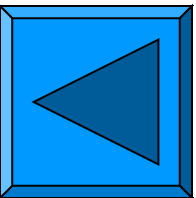

What is NATO Information?

Information which has been generated by or for NATO, or member nation information that has been released into the NATO security system.

Introduction to NATO

The protection of this information is controlled under NATO regulations and access within NATO is determined by the **HOLDER**, unless the information contains restrictions.

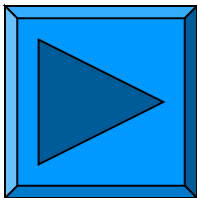

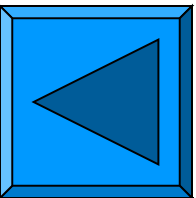

Introduction to NATO

Material may be generated by NATO or by a member nation.

— If marked “NATO” by a member nation it is assumed to have been released to NATO.

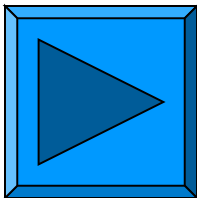

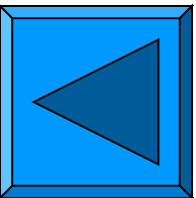

However

Introduction to NATO

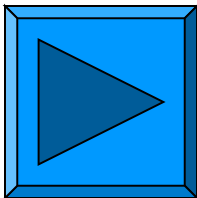

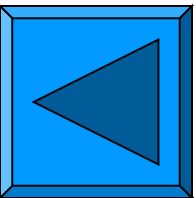

If the information has a national marking but is not marked "NATO" you **SHOULD NOT** apply NATO markings unless informed by the originator that the information may be released to NATO.

SO

Introduction to NATO

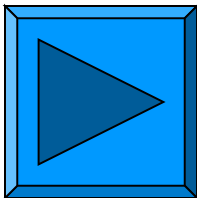

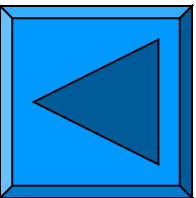

If it does **not** contain a NATO marking, it must not be released to NATO unless approved, in writing, by the originator.

Introduction to NATO

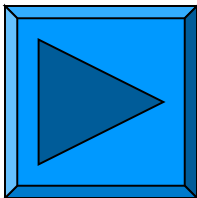

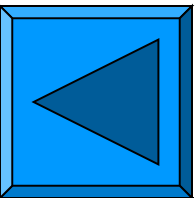

What about U.S material?

If the material can be
released to NATO it will be
marked with “**RELEASABLE TO
NATO**”

Introduction to NATO

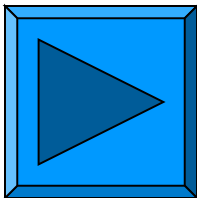

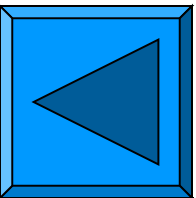

The release is **dispatched** and controlled under the guidance of the supporting sub registry or control point.

Introduction to NATO

If the material can be
released to NATO it will be
marked with “RELEASABLE TO
NATO”

And will be controlled by the
registry system

End of Module Quiz

Introduction to NATO

What does the term NATO stand for?

- ☐ A National Association of Times Out
- ☐ B
- ☐ C North American Testing Office
- ☐ D North Atlantic Treaty Organization

D. Northern Atlantic Treaty Operation

That is Correct

In April 1949, ten West European countries and the United States and Canada, sign the Washington Treaty, which creates the North Atlantic Treaty Organization (NATO), an alliance which brings together free and sovereign countries in order to create a collective security system. The principal purpose of the Alliance is specified in Article 5 which states that "an armed attack against one or more of them in Europe or North America shall be considered an attack against them all.

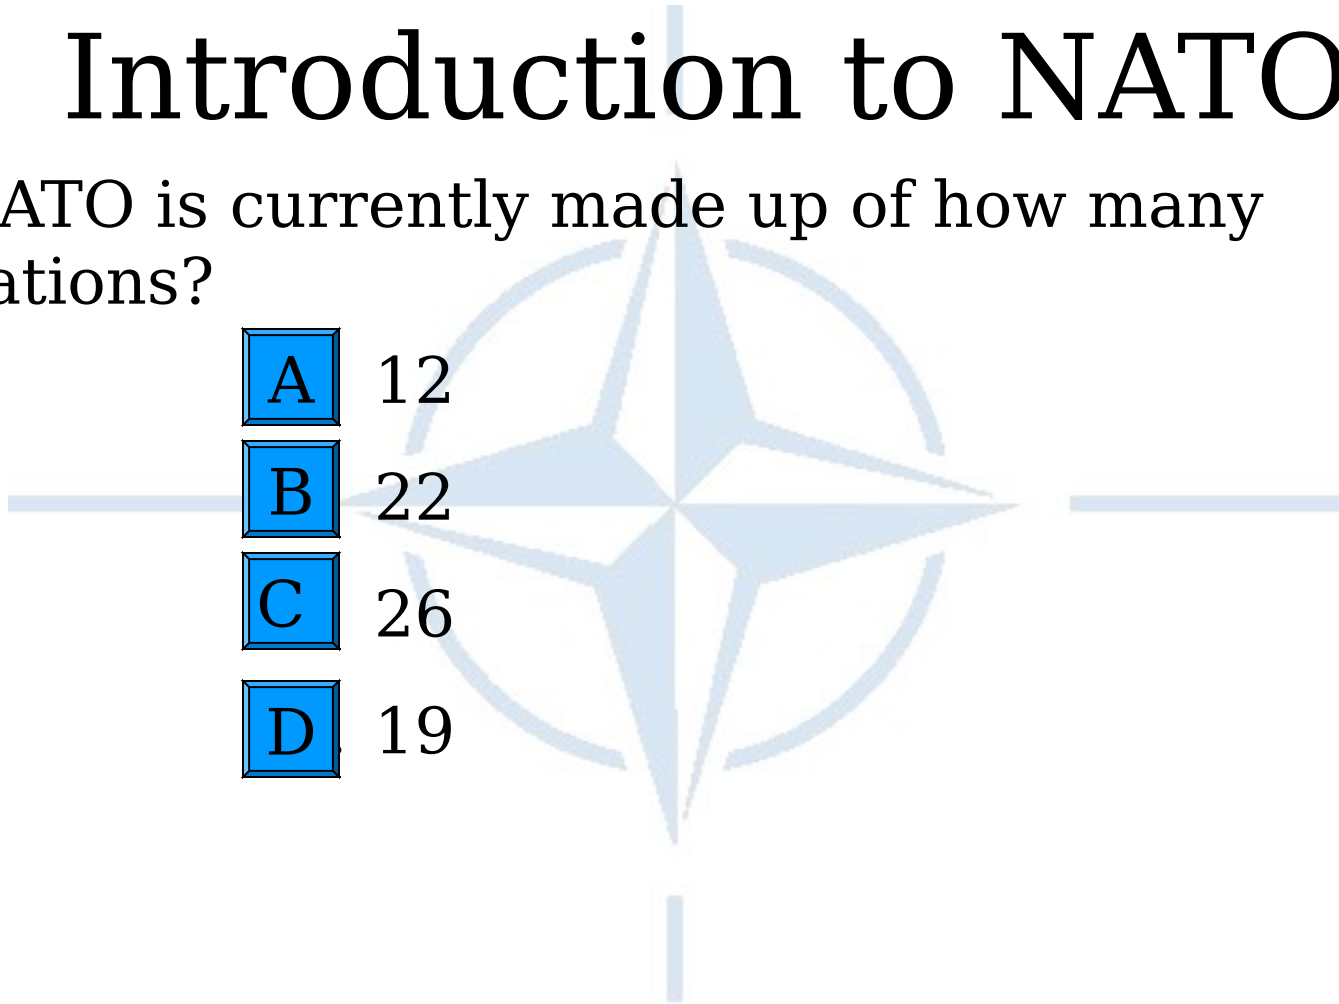

Next
Question

End of Module Quiz

Introduction to NATO

NATO is currently made up of how many nations?

- ☐ A 12
- ☐ B 22
- ☐ C 26
- ☐ D 19

That is Correct

Another seven have been invited and may join in 2004

Belgium

Canada

Denmark

France

Germany

Poland

Greece

Iceland

Turkey

United States
Of
America

Italy

Portugal

Hungary

Spain

Norway

Czech

United Kingdom

Netherlands

Luxembourg

Next
Question

End of Module Quiz

Introduction to NATO

Who is the United States National Security Authority for NATO?

- ☐ A The Secretary of Defense.
- ☐ B The President of the United States
- ☐ C Chairman, Joint Chiefs of Staff
- ☐ D It depends on what nation is the chair at that time.

That is Correct

That is right, the Secretary of Defense is the person.

Next
Question

End of Module Quiz

Introduction to NATO

Access to NATO information is controlled by?

- ☐ A The requester of the information.
- ☐ B There is no control
- ☐ C The supervisor of the holder of the information.
- ☐ D The holder of the information.

That is Correct

The bottom line is that YOU are responsible for controlling access to any NATO information you might have.

CONGRATULATION S

YOU HAVE PASSED THIS MODULE
AND MAY PROCEED TO THE NEXT
MODULE, RETURN TO THE MENU,

CONTINUE TO NEXT MODULE

RETURN TO MAIN MENU

END TRAINING SESSION

Markings and Categories

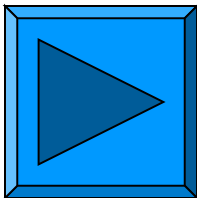

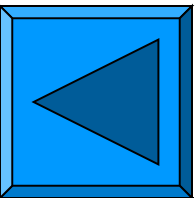

Four levels of classification

COSMIC TOP SECRET

NATO SECRET

NATO CONFIDENTIAL

NATO RESTRICTED

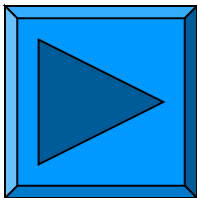

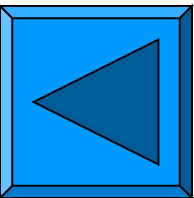

Markings and Categories

COSMIC TOP SECRET (CTS)

Unauthorized disclosure would cause exceptionally grave damage to NATO

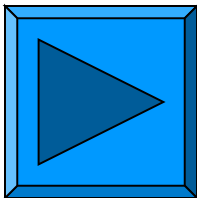

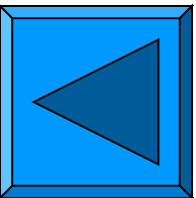

The marking “COSMIC” is applied to TOP SECRET material to signify it is the property of NATO. **The term “NATO TOP SECRET” is not used.**

Markings and Categories

NATO SECRET (NS)

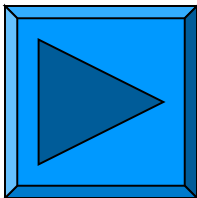

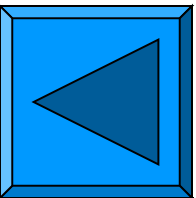

If unauthorized disclosure occurs would
cause serious damage to NATO

Markings and Categories

NATO CONFIDENTIAL (NC)

An unauthorized disclosure would cause
damage to the interests of NATO

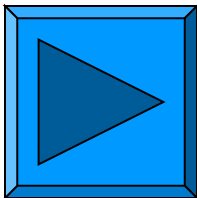

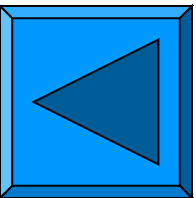

Markings and Categories

NATO RESTRICTED (NR)

An unauthorized disclosure would be disadvantageous to the interests of NATO.

This is similar to FOR OFFICIAL USE ONLY, OFFICIAL USE ONLY, OR SENSITIVE, BUT UNCLASSIFIED information, **however NATO RESTRICTED is a security classification.**;

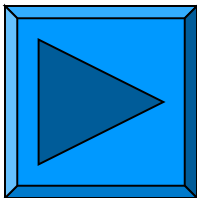

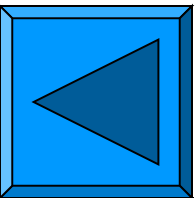

Markings and Categories

ATOMAL

Is either U.S Restricted Data or Formerly Restricted Data that is classified by the Atomic Energy Act of 1954.

It can be marked either COSMIC TOP SECRET ATOMAL (CTSA), NATO SECRET ATOMAL (NSA), or NATO CONFIDENTIAL ATOMAL (NCA)

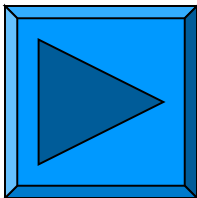

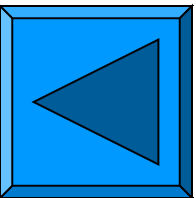

Classification Markings and Categories

NATO UNCLASSIFIED (NU)

Is applied to official information that is NATO property but is not classified. Access is permitted by non-NATO entities when access would not be detrimental to NATO.

It is similar to U.S. Government official information that must be reviewed prior to public release.

End of Module Quiz

Classification Markings

Which of the following is not a NATO classification?

- ☐ A COSMIC
- ☐ B NATO SECRET
- ☐ C NATO TOP SECRET
- ☐ D NATO RESTRICTED

That is Correct

NATO does have Top Secret but it is called
COSMIC TOP SECRET or CTS.

Next
Question

End of Module Quiz

Classification Markings

ATOMAL is information that has been classified by what?

- ☐ A Congressional Mandate.
- ☐ B The Atomic Energy Act of 1954
- ☐ C Executive Order 12374r
- ☐ D ATOMAL information is not classified.

That is Correct

August 1954

The Atomic Energy Act of 1954 was passed to promote the peaceful uses of nuclear energy through private enterprise and to implement President Eisenhower's Atoms for Peace Program. The Act allowed the Atomic Energy Commission to license private companies to use nuclear materials and build and operate nuclear power plants. This act amended the Atomic Energy Act of 1946, which had placed complete power of atomic energy development in the hands of the Atomic Energy Commission.

Next
Question

End of Module Quiz

Classification Markings

NATO RESTRICTED is a
classification:

☒ A True

☐ B False

That is Correct

NATO RESTRICTED is a security classification and is treated similar to For Official Use Only information.

AND MAY PROCEED TO THE NEXT
MODULE, RETURN TO THE MENU,

CONTINUE TO NEXT MODULE

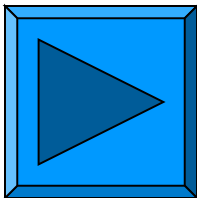

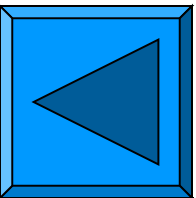

RETURN TO MAIN MENU

END TRAINING SESSION

ACCESS AUTHORIZATION

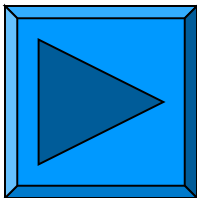

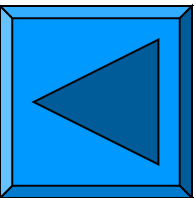

Each agency must maintain a list indicating the levels of access for each individual who is authorized access to NATO.

Access is **not based on duty position**, rank, or level of clearance.

ACCESS AUTHORIZATION

Access IS based on:
Need-to-know
Proper U.S. clearance
with
Access briefing for each level.

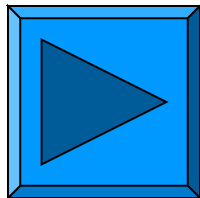

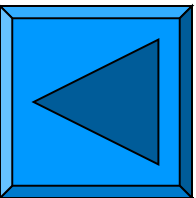

ACCESS AUTHORIZATION

Before you provide access it
is YOUR responsibility to
ensure that an individual is
authorized.

If in doubt

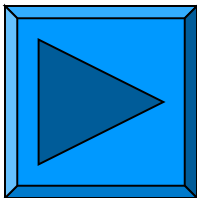

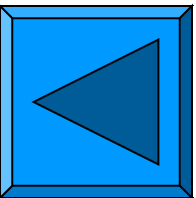

Contact your Security
Manager, NATO sub registry
or control point.

ACCESS AUTHORIZATION

Access to ATOMAL may only be granted if there is a clear need-to-know in order to perform that mission.

Interim clearances may NOT be used for access to ATOMAL.

End of Module Quiz

Access Authorization

Access to NATO classified is based on all of the following except:

- ☐ A Need-to-know.
- ☐ B Proper Clearance
- ☐ C Duty Position
- ☐ D Access Briefing

That is Correct

Duty position has nothing to do with it.

Next
Question

End of Module Quiz

Access Authorization

Before YOU allow access to NATO classified you must?

A Ensure individual is authorized to access the information.

B

- Verify the individuals country of origin.

C

- Shred all information

D which has come into contact with NATO

- Verify and sign the promotion roster.

That is Correct

Press the button below to go on to the next question.

Next
Question

End of Module Quiz

Access Authorization

For access to ATOMAL information an interim may be used if it has been coordinated with the state department?

TRUE

FALSE

That is Correct

Press the button below to go on to the next question.

END TRAINING SESSION

THE REGISTRY SYSTEM

A central registry has been established by each NATO member nation to ensure proper control and accountability of documents.

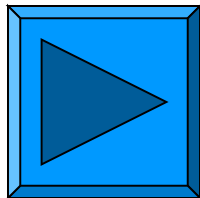

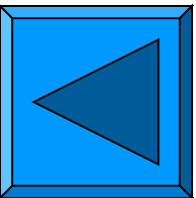

The Central U. S. Registry (CUSR) is located in the **Pentagon** and oversees the administration of the U.S.

THE REGISTRY SYSTEM

The Central Registry establishes **sub-registries** to execute the accountability and security management of NATO and ATOMAL material in many locations around the world.

Control points may be established to assist in these operations.

End of Module Test

Registry

Where is the Central Registry located?

- ☐ A Cheyenne Mountain.
- ☐ B The Pentagon
- ☐ C Each MAJCOM has their own
- ☐ D. Deep under ground near Mammoth Springs, Arkansas

That is Correct

Mammoth Springs is a beautiful quiet Ozarks town and determined to stay that way. The CUSR (Central United States Registry is located in the Pentagon.

More information on Mammoth Springs may be found at www.Arkansas.com

**Next
Question**

End of Module Test

Registry

_____ and _____ are established to execute accountability and security management of NATO material.

- ☐ A Sub registries/control points.
- ☐ B
- ☐ C Orders/requisitions
- ☐ D Security Forces/Civil Engineers

D. Vaults/safes

That is Correct

NATO information is passed through and controlled by Control Points and Sub-Registries. If you have NATO information you should know who to call. Contact your Security Manager with questions.

Next
Question

CONGRATULATION S

AND MAY PROCEED TO THE NEXT
MODULE, RETURN TO THE MENU,
OR QUIT

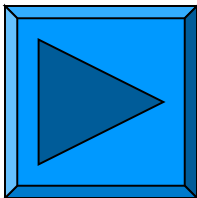

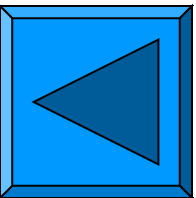

CONTINUE TO NEXT MODULE

RETURN TO MAIN MENU

END TRAINING SESSION

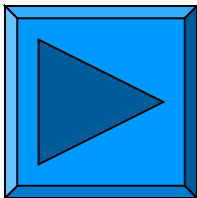

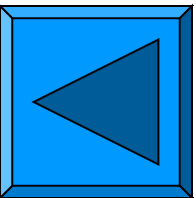

ACCOUNTING FOR NATO MATERIAL

Receipts and logs must be maintained on the receipt, disposition, destruction, and dispatch of COSMIC, NATO SECRET, and all ATOMAL material.

ACCOUNTING FOR NATO MATERIAL

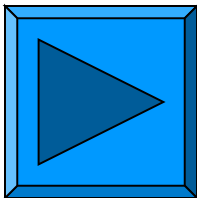

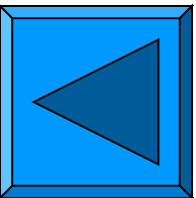

Individuals must execute a
disclosure record upon
acquiring access to each item
of CTS/CTSA material.

ACCOUNTING FOR NATO MATERIAL

You must maintain control of
NATO CONFIDENTIAL and
NATO RESTRICTED material
to prevent unauthorized
access.

Specific records are not
necessary unless required by
the originator.

End of Module Test

Accounting

Logs must be maintained for the receipt, disposition, destruction, and _____ of CTS, NS, and ATOMAL?

- ☐ A Distance
- ☐ B Disco
- ☐ C Delivery
- ☐ D Dispatch

That is Correct

Press the button below to go on to the next question.

Next
Question

CONGRATULATION S

YOU HAVE PASSED THIS MODULE
AND MAY PROCEED TO THE NEXT
MODULE, RETURN TO THE MENU,

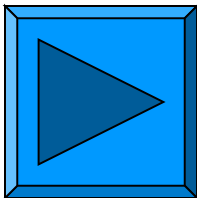

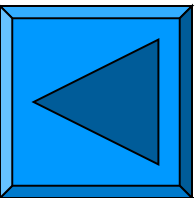

CONTINUE TO NEXT MODULE

RETURN TO MAIN MENU

END TRAINING SESSION

MARKING AND ACCOUNTING FOR U.S. DOCUMENTS CONTAINING NATO

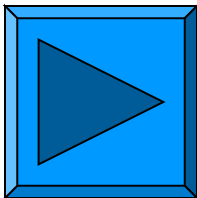

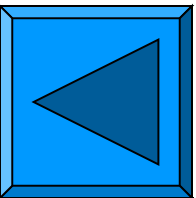

Documents that contain NATO classified information must have markings that reflect the highest level of classified that it contains either NATO or U.S.

MARKING AND ACCOUNTING FOR U.S. DOCUMENTS CONTAINING NATO

Instructions must indicate that the
information can not be
downgraded or declassified
without prior consent of NATO

Cite: “foreign government
information”

End of Module Quiz

Marking

Classified U.S. documents that contain NATO information must be marked to reflect?

- ☐ A It would become unclassified.
- ☐ B. The highest level of NATO or U.S. it contains
- ☐ C. The lowest level of NATO or U.S. it contains
- ☐ D. NATO information is not allowed in U.S.

That is Correct

Press the button below to go on to the next question.

Next
Question

CONGRATULATION S

YOU HAVE PASSED THIS MODULE
AND MAY PROCEED TO THE NEXT
MODULE, RETURN TO THE MENU,
OR QUIT

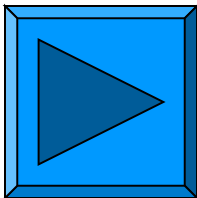

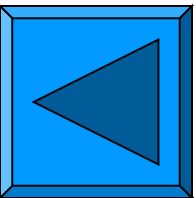

CONTINUE TO NEXT MODULE

RETURN TO MAIN MENU

END TRAINING SESSION

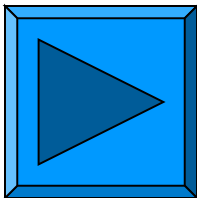

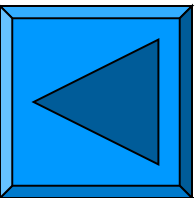

SAFEGUARDING

NATO CONFIDENTIAL and
above are stored the same as
U.S. material of the same
classification.

SAFEGUARDING

NATO RESTRICTED may be stored in a **locked filing cabinet**, or in a **room or building that is locked** during non-duty hours as long as access to the material can only be gained by authorized personnel.

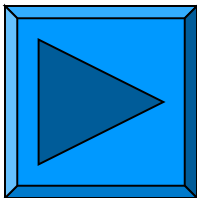

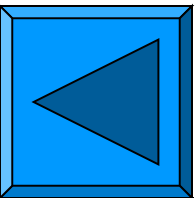

SAFEGUARDING

NATO and Non-NATO must
be stored separately.

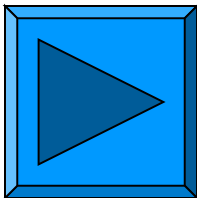

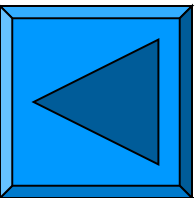

ATOMAL must be separated
from non-ATOMAL.

How?

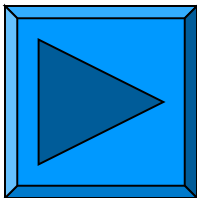

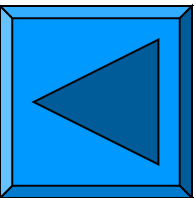

SAFEGUARDING

Accomplish this by using
separate containers, separate
drawers in the same
container or a clear division
in the same drawer.

SAFEGUARDING

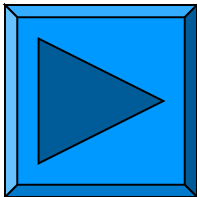

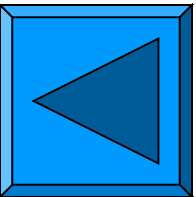

CTS/CTSA can only be transported through the registry system using a cleared government courier, diplomatic pouch or military courier service

SAFEGUARDING

All other NATO must be by
cleared courier or by cleared
and briefed employees who
possess courier identification
and authorization or by U.S
Registered mail using same
rules as U.S. classified

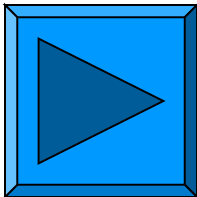

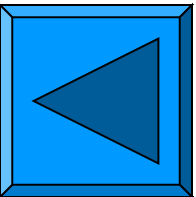

Receipt is required for all
ATOMAL and NS material

SAFEGUARDING

Automated Information Systems (AIS)

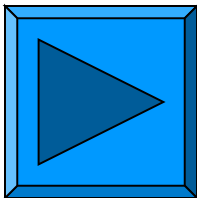

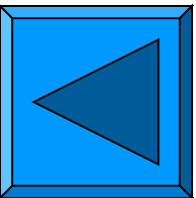

— Same security standards as
U.S. classified except
organizations must issue
instructions for processing,
handling and accounting for
NATO information.

SAFEGUARDING

Destruction of CTS, CTSA,
NS, NSA, NCA

May only be accomplished by
registry system personnel
using a certificate and
method approved for the
destruction of U.S. material
of the same classification.

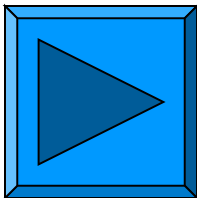

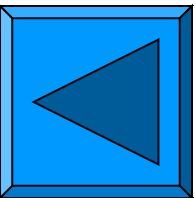

SAFEGUARDING

Destruction

NR/NC

Destroy by any means
authorized for U.S.
CONFIDENTIAL.

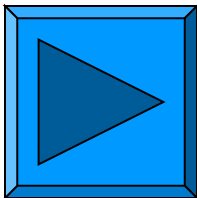

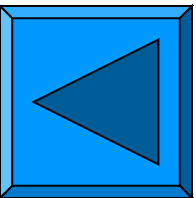

SAFEGUARDING

Reproduction

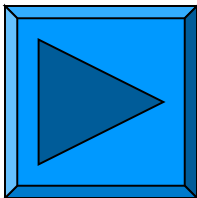

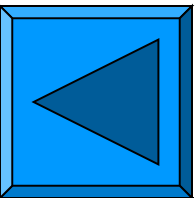

COSMIC can only be
reproduced by the **CUSR** and
COSMIC Sub registries

Number of copies must be
reported to CUSR.

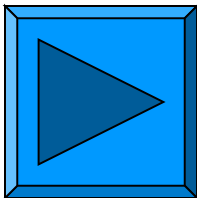

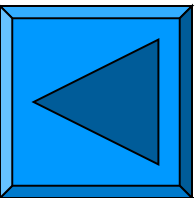

SAFEGUARDING

ATOMAL may be copied
CUSR, Sub registries, and
ATOMAL Control Points

SAFEGUARDING

NS and below may reproduced by the holder of the information with strict need-know. Copies are accounted for, marked, and safeguarded in the same manner as the original

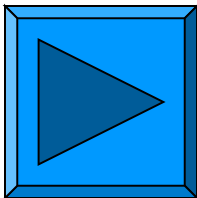

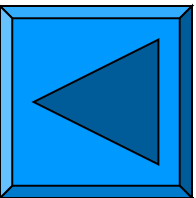

SAFEGUARDING

Electronic Systems

In **most** cases NATO
classified can not be
transmitted on U.S. systems.

NEVER transmit NATO on
unclassified systems!

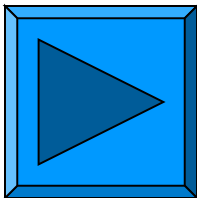

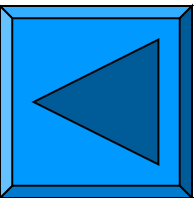

SAFEGUARDING

Electronic Systems

Some commands have approved transmission of NATO classified on U.S. classified systems.

There are **many** restrictions and requirements.

Contact your Security Manager for command specific guidance

End of Module Quiz

Safeguarding

NATO classified must not be stored in the same safe as U.S. classified?

TRUE

FALSE

That is Correct

The NATO information must be segregated. It can be in a different drawer or in the same drawer separated by a clearly marked divider.

Next
Question

End of Module Quiz

Safeguarding

When is it acceptable to send NATO material electronically on U.S. unclassified systems?

- ☐ A From mil to mil computers only.
- ☐ B NATO material may never be sent on U.S. unclassified systems.
- ☐ C When your unclassified system is monitored.
- ☐ D. Can be sent with permission of the CUSR.

That is Correct

NATO material can not be transmitted, stored, or processed on a U.S. unclassified system.

Next
Question

End of Module Quiz

Safeguarding

NATO RESTRICTED may be stored in all the following except.

- ☐ A A locked desk drawer.
- ☐ B A locked filing cabinet.
- ☐ C A locked room
- ☐ D Store it with the petty cash.

That is Correct

Press the button below to go on to the next question.

Next
Question

END TRAINING SESSION

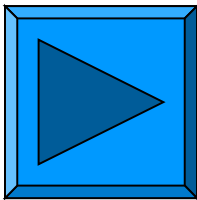

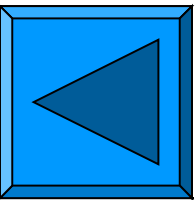

SECURITY VIOLATIONS

Guidelines are very similar to U.S. Material except the sub registry or control point must be notified.

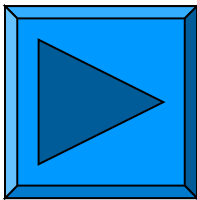

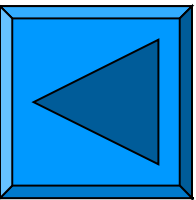

ESPIONAGE, SABOTAGE, TERRORISM

STAY CALM: You are not at fault
because they chose to target you.

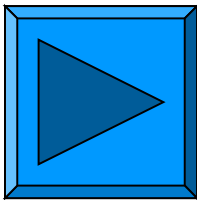

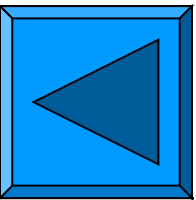

ESPIONAGE, SABOTAGE, TERRORISM

BE NONCOMMITTAL: Be
ambiguous as to whether or not
you will provide them with
material or information.

ESPIONAGE, SABOTAGE, TERRORISM

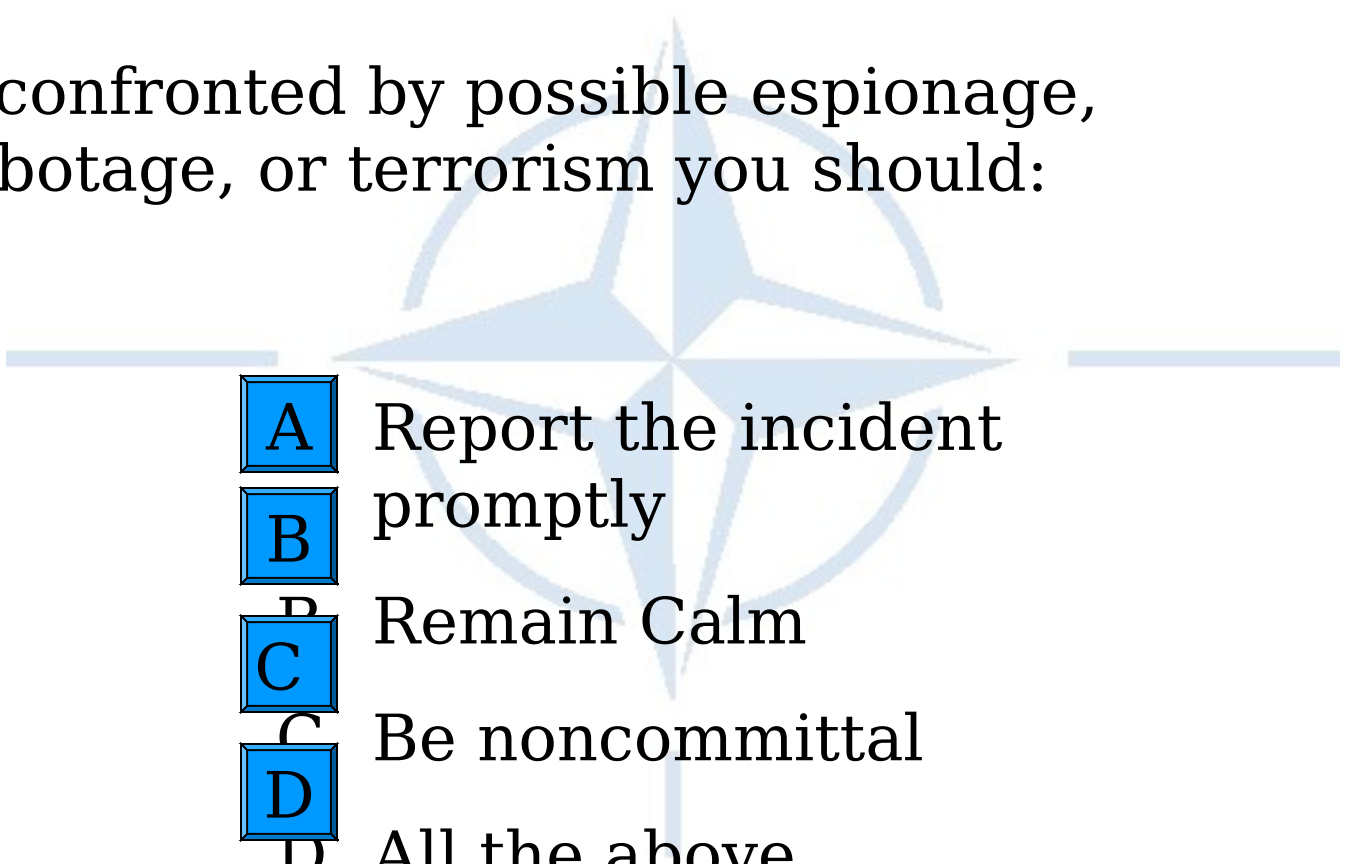

REPORT IT PROMPTLY: Even if it seems purely coincidental or insignificant, a small detail may be the key to an attempt. Do not discuss the incident with friends, family, co-workers, etc., unless directed to by a security officer.

End of Module Quiz

EST&D

If confronted by possible espionage, sabotage, or terrorism you should:

- 
- ☐ A Report the incident promptly
 - ☐ B Remain Calm
 - ☐ C Be noncommittal
 - ☐ D. All the above.

That is Correct

Press the button below to go on to the next question.
